

Toronto ProRN

High-Acuity Private Duty Nursing | Ventilator, Tracheostomy & Post-ICU Care at Home | Greater Toronto Area

For Discharge Planners, Case Managers & Personal Injury Law Firms

When a patient needs more than a PSW or a general home care RN, Toronto ProRN places ICU-trained Registered Nurses in the home within 24–48 hours. Founded and led by **JoAnne Andrea Gomez, RN**: 27+ years of critical care experience, including 12+ years in the Trauma-Neuro ICU at St. Michael's Hospital and Medical-Surgical ICU at Toronto Western Hospital (UHN). Critical Care Nursing Certificate (Humber College). All nurses hold active, unrestricted CNO registration, verifiable at registry.cno.org.

Clinical Capabilities

Respiratory & high acuity Home ventilator management, tracheostomy care and suctioning, BiPAP/CPAP, oxygen titration, post-ICU step-down monitoring	Vascular & infusion IV antibiotics, PICC and central line care, port access, TPN, transfusion monitoring, lab draws in the home
Complex wounds VAC/negative pressure therapy, surgical wounds, pressure injuries, ostomy, diabetic and burn wound care	Catastrophic injury & neuro Spinal cord injury, TBI, stroke recovery, ALS, seizure management, structured RN documentation suitable for legal files
Palliative & oncology Symptom and pain management, end-of-life care at home, post-chemotherapy monitoring, hospice support	Transitions & education Pre-discharge family consultation, airway and equipment training, medication reconciliation, caregiver respite

Why Refer to Toronto ProRN

- **24–48 hour placement** for urgent ventilator, trach, and hospital discharge coverage across the GTA; 1-hour response to referral inquiries.
- **ICU-level clinical judgment**, not task-based care: early recognition of deterioration, escalation directly to the treating physician, fewer preventable readmissions and ER returns.
- **Legal-grade documentation**. Detailed, objective RN charting and written assessment reports, suitable for med-rehab claims, tribunal files, and cost-of-care support.
- **Free pre-discharge family consultation** (30 minutes) for referred patients, so families are prepared before discharge day.

Funding & Billing

Toronto ProRN is not covered by OHIP. We serve private-pay families and accept engagements funded through case management firms, law firms, auto insurance med-rehab benefits, WSIB, Veterans Affairs, and long-term care insurance. Invoices go directly to the funding party with supporting clinical documentation. Transparent hourly rates, no supply markups.

Coverage

Toronto, North York, Scarborough, Etobicoke, Mississauga, Brampton, Oakville, Markham, Richmond Hill, Vaughan, and surrounding GTA regions.
